PROJECTS

Refilla

Refillia is a web application that helps users locate free water refill stations, reducing plastic waste and promoting sustainability. Users can discover, add, and review refill stations, making clean drinking water more accessible while encouraging businesses to participate in eco-friendly initiatives. ([Try it here](#))

GhumoAI

GhumoAI is an innovative AI-powered travel planning platform that creates personalized city tour itineraries based on your preferences. Users can plan tours, rent vehicles, find refill stations, and get real-time AI assistance throughout their journey, making city exploration seamless and engaging. ([Try it here](#))

VConnect

VConnect is a gamified web platform that connects volunteers with organizers by offering event management tools, a points-based reward system (AURA), and social features to make volunteering engaging and rewarding. ([Try it here](#))
